The Way We'll Work: Blk
Thursday, October 4, 2018

Program Purpose(s)

1. Educate the general public on blockchain technology
 - a. It is currently used to enhance agriculture
 - b. It could be used in the energy industry
 - c. The legislation passed in 2018 impacts Wyoming
2. Record the event and create an educational program for libraries, groups and general public
3. Be the launch-pad for future educational programs on blockchain and cryptocurrency
4. Encourage the public to tour *The Way We Work* at the County Library System in partnership with the Wyoming State Library

Planning Committee

Rachael Svoboda, Chair, Library 2 Business Coordinator
Vic Miller, Cheyenne blockchain enthusiast
Dave Murry, International blockchain advisor
Jennifer Rife, Project Director, *The Way We Work*

Program Description

Have you heard about blockchain? Learn all about it from experts who will explain blockchain technology and how Wyoming is leading the way we work. We'll have time for Q&A following the presentation. Presented in partnership with the Wyoming State Library.

Program Participants

Moderator: Dennis Ellis, Microsoft
Panelist: Phil Schlump, Beefchain.io
Panelist: David Pope, 2018 Wyoming Blockchain Task Force
